Begin with a sheet of white construction paper - 11 x 17.  
Then measure 1 inch on long side of paper

Fold along the line

Apply Sugar Glue and fold down

Measure 5 1/2 inches and mark - do this twice  
Then measure up 3 inches

Along the bottom - measure 5 1/2 inches from the left side,  
and then another 5 1/2 inches - then measure up 3 inches  
at each of those marks

Cut along the lines

Fold the outside flaps over each other and secure with Sugar Glue

Fold up flap and secure

Punch a hole in the front bottom of the bonnet, then match the edges and mark - punch the second hole

Thread ribbon through hole  
and tie off knots
